Foes of Measure Feel It Will **Prevent Financial Relief** for Farmers.

By International News Service. The expressed attitude of a num ber of Republican leaders of the Senate that the Administration plan for extending relief to the railroads through the temporary intervention of the War Finance Corporation should be put into effect as quickly as possible gave indications today that efforts would be made when the Senate reconvenes next month to 19m the Winslow-Townsend bill through the upper house during the

extended tariff and taxation debates. Democrats of the Senate Interstate Commerce Committee declared that they would stand by their guns, op-posing the Administration bill to the last ditch unless certain radical changes were made in accordance with heir view that Congress should not take further steps to make large ad Vances to the railroads.

They will attempt to amend the bill

so that a definite balance may be struck between the amount which the railreads owe the United States and which the United States owe the rail roads in the belief that the settlemen of all claims growing out of Federal control can be effected more rapidly and with greater facility than by any

New System Adopted by Chairman Lasker and Associates to Be Tried.

By HARRY GUSACK.

The new plan of the United States Shipping Board in the allocation of Government vessels to agents will be put into effect within a short time. it was stated by officials of the board today. William J. Love, J. Barstow Smull, and Adolph J. Frey, the heads of the Emergency Fleet Corporation, in whose hands has been placed the task of evolving a bare-boat charter plan that will be satisfactory to all concerned, have begun their survey by receiving suggestions from shipping authorities who have had dealings with the board.

who returned from New York a few days ago, stated that the screen commonly affords. board's definite plan to assign ships on a bare-boat charter basis would be put into effect as soon as possible, and that in the meantime the present managing operating agreement, which has been severely criticized, would be used only in cases where operators are in a position to show that profitable oyages are in prospect.

Since the new method was determined upon forty-two vessels allotted under the existing agreement have been withdrawn because it was clear that they were not employed in a half-wild Tartary beauty who had services that would protect the Government from loss. Smull said.

This policy, it was stated, would be consistently carried out, even if there were no other alternative than to lay the ships up. A large part of the enormous debt which now faces the Chairman Lasker and his associates to when it was learned two postoffice time in its history had Sunday per- receipts of the voyage, regardless of inspectors from Boston have been formances, with paid admissions.
